

Speedway Australia have been overwhelmed with the response for this year's National Forum, with every *National Division* indicating they will be dispatching at least two representatives to the Adelaide Convention Centre on Saturday June 22 and Sunday June 23.

By now every track and division should have received an email and/or phone call inviting you to the 2019 Forum. For those interested in detail regarding starting times and what will be covered across the two days;

Saturday June 22 – Starting from 10am, Finish at 4:15pm. (Lunch and Refreshments Provided)

Electronic Licencing Unveil: In development for two years, Speedway Australia's world leading electronic licensing package will revolutionise the administration of speedway racing. There will also be a reveal of a huge fee reduction for an important facet of the sport.

Officials Training Program: Sport Development Officers Ross Kirby and Adam Brook unveil the comprehensive new online training scheme for Stewards and Scrutineers. Comprising 13 different modules this programme has the backing of all major divisional bodies and will roll out soon after the event.

'Kids to Grids' Program: An immense amount of work has been undertaken by James Hadley to secure the future of the sport through youth development. The impressive "Kids to Grids" package will have its first showing at the 2019 Forum.

Insurance: Mark Holmes from Marsh Advantage returns with two separate presentations for speedway stakeholders with varying levels of insurance experience. Those that haven't attended the Forum before can receive a basic induction, with a more advanced session for returning participants.

Interactive Safety Training: Allan Ackerley and Steve Woolstencroft from Simpson Speedway in Victoria, present their informative and interactive safety training session that has been well-received in their home state since its launch in 2016. This seminar will be run twice in back-to-back sessions so that all attendees can participate.

Sport Governance: An immense amount of time is spent by the sport dealing with off-track issues. Learn how to minimise this effort and expense through the principles of good governance.

Open Forum: A chance for participants to ask questions of the Speedway Australia board and staff. There's never a dull moment when this part of the day arrives.

Sunday June 23 – Starting from 10am, Finish at 2pm. (Lunch and Refreshments Provided)

Changes to Speedway Australia's safety rules are made after consulting with the panel of experts on the Speedway Safety Advisory Committee. To ensure a broad perspective of viewpoints from around the sport, all National Forum attendees are also welcome to attend the Safety Conference on Sunday. Members of the Speedway Australia Board and Safety Committee will be in attendance to hear your views before the decision-making process gets underway.

The Australasian Speedway Promoters Conference held concurrently for their members only. Tracks were contacted earlier this year by the organisation, so feel free to contact them directly if you are interested in attending the Promoters Conference.

For tracks or divisions yet to confirm their attendance, or for assistance in booking accommodation, contact your relevant Development Officer (listed in the contacts below) as soon as possible.

BOOK YOUR FORUM ACCOMODATION NOW

The overwhelming interest in this years National Forum has also witnessed an influx of enquiries for accomodation. We still have a limited number of rooms reserved at the new Holiday Inn Express, (now \$145 per room) which is a short walk from the Convention Centre, and right in the heart of the Adelaide CBD for those wishing to take in the Adelaide City Night Life.

There are many other accommodation options nearby but as we draw closer to the event accomodation will no doubt become more expensive, so get in quick. Contact your Sport Development Officer as soon as possible if you wish to take advantage of our discounted rate.
