

Welcome to edition 200 of Speedway Australia's Speed eNews.

## **eNEWS REACHES 200 EDITIONS!**

Since March 23, 2018, the eNews has been produced weekly and today we celebrate 200 editions!

We welcome your feedback on how the eNews can better serve the speedway community's needs in communicating the issues that need clarification and tips for running more effective venues and clubs.

A reminder that clubs are encouraged to send the eNews out to their club members, however, the Stand Down List is for club administrators only.

## **A NEW SPORT DEVELOPMENT OFFICER IS ON DUTY!**

Parochial Victorian Neville Ross has joined the Speedway Australia team from today (Monday) as a Sport Development Officer.

Nev is a passionate speedway fan and is equally at home at any event regardless of the racing divisions, and comes with an impressive CV that includes the past four years working as a Regional Sales Manager for GPC Asia Pacific, more commonly known as Repco.

Nev will be based out of his home office in Mildura, giving him close access to venues in Victoria, southern and western New South Wales and the eastern border of South Australia.

We're excited about what Nev will bring to the table, drawing on his extensive relationships both within the speedway world and other motorsports as well as the automotive industry.

## **ARE YOUR SPEAKERS SOUND?**

One of the most underestimated fixtures of a speedway venue is the PA system.

The track Public Address System is a vital piece of equipment in communication and entertainment and as a result, should be considered by the venue as a priority in making sure it works well and produces an acceptable sound that doesn't make spectators ears bleed.

Speedway Australia has some excellent connections with specialists in the sound industry and if you'd like any advice

on where to start with installing a new system, improvements or upgrades, please contact Bennie Bish on 0433 112 959 or [ben@speedwayaustralia.net.au](mailto:ben@speedwayaustralia.net.au)
