

Welcome to the 70th edition of Speedway Australia's Speed eNews.

Please make sure that if you are the contact receiving this information for your organisation that you pass the information on to the rest of your committee as to keep them in the loop. You are also encouraged to distribute this newsletter to your members. Feel free to get in touch if you have any questions or require a copy of one of the previous editions.

NEW RULEBOOK NOW AVAILABLE

The July 2019 edition of the rulebook is now available, and apart from the stylish new cover there are a number of minor tweaks: -

- Section 18 (Pit Health and Safety) integrated into Section 3 (Technical & Safety). These are important rules that were often overlooked as they were buried at the back of the book.
- Late Models now have their own Appendix for their specific alterations.
- Karting Start Procedures have been clarified as the existing clause was ambiguous, Rule 3.7.6(b).

All these changes are in bright red text so they can be easily identified. In addition, the supplementary information at the rear of the publication has been updated for the 2019/20 season.

Download the rulebook now by clicking [here](#).

TRACK INSPECTIONS CONTINUE

The ever-ongoing process of track inspections is continued recently with the Speedway Australia team visiting Western Australia. Tracks visited in this tour of inspections included; Bunbury, Moora and Ellenbrook.

Track Inspections are an important part of Speedway Australia's services and are also a requirement from our insurers. Inspections have majorly helped us improve venue safety in recent years and double as a great chance to meet the various people involved in our sport around the country.

You can keep an eye on some updates from each venue via our Speedway Australia Facebook page [here](#)
