

Welcome to edition 207 of Speedway Australia's Speed eNews.

OFFICE UPDATE

This time of year, is always very busy for the admin and licensing team at the Speedway Australia office.

Our dedicated team work tirelessly to ensure that every phone call, email, licence and permit enquiry/application are answered and processed as quickly as possible.

However, we have faced some speedhumps in our administrative work with staff being unwell and affected from COVID-19.

Please continue to be polite and patient with our staff as we work to attend to every enquiry and application. If you have a licence application, please remember that we have a **10 day turnaround** from the day of application.

If you call the office and you are unable to talk directly with a team member, please leave a voice message and we will assist you as quickly as we can. Alternatively, you can email your enquiry to our staff members. Our contact details can be found at the base of this newsletter.

SPEEDWAY'S GRAND RETURN TO SYDNEY

After 2 years, 5 days and a few rainouts, the next chapter has started for Speedway in Sydney.

A capacity crowd filled the new Eastern Creek venue for its opening event, and it was brilliant to see the smiles across everyone's face when the cars went "Green At The Creek".

Australia's newest venue is a brilliant representation of a 5 Start Track and become a benchmark for speedway venues across the nation.

Speedway Australia congratulates the team at Eastern Creek Speedway and we are excited to see the sports resurgence at its new home in Sydney.

PIT GATE SECURITY, STAY VIGILANT!

With all the sights, sound and excitement of a speedway race meeting, it can be easy to be distracted from the task at hand. That said, we need venues to be extra vigilant at gates between the general spectator area and the pits. Speedway Australia work with our venues operators to ensure that the correct procedures are followed when admitting someone into the pit area. Please ensure that your staff who monitor the traffic at these points are paying close attention to the people passing through. We encourage track operators to talk with the responsible person at the beginning of the night to reaffirm the importance of the “no pass, no entry”.

AUSTRALIAN CHAMPIONSHIPS CONTINUE...

Congratulations to our newest Australia #1's
