MORE WESTERN AUSTRALIAN VENUE UPGRADES

This week has seen more great news to come out of Western Australia, with State Government election promises coming to fruition, resulting in major redevelopments at tracks across the state.

Bunbury Speedway is in the midst of a major redevelopment, courtesy of a \$750,000 funding boost from a McGowan Government election promise, which will see a brand-new concrete wall and catch fence erected prior to the start of the 2021/22 season.

The Bunbury Car Club has begun the task of removing the old catch fence and concrete wall, with construction set to start in earnest.

In the State's north, Broome Speedway have begun a number of works and upgrades to the concrete wall and track equipment thanks to Federal MP Melissa Price, who selected the club as part of her latest Community Grants scheme.

With more opportunities for funding arising in the coming weeks, WA Sport Development Officer Ross Kirby is always available to assist tracks to ensure they are ready to go when funding streams open for applications. Ross can be contacted using the details in the contacts section below.

Club/Track Name: _____

It's that time of the year when many clubs and tracks around Australia conduct their annual general meetings. In some cases, these events result in fresh faces being introduced to the committee, filling key positions such as President or Licencing Officer.

With this in mind, it's vital that when the key positions do change – such as the Licence Officer, clubs download a Contact Details Update form from the Speedway Australia website, and return it to us ASAP. For those wishing to update details, forms can be completed [here](#).
